## Summer 2023

This year is rolling by, and summer is already here! Many boaters have already been taking full advantage of these superb days on the water. The boatyard has been working hard in preparation for this season! Please take a minute to review what we have going on and read up on how to prepare for hurricane season this year!

### Enhancements:

Our yard continues to improve. Many of you have seen and experienced the expanded yard, the new wood shop and arrival of our New 35-ton Marine Travel Lift. The additional lift will allow us to better serve all customers with more efficiency in the yard as well as with launches and haul outs. The new wood shop will allow us to create a larger warehouse for inventory and enhance our Mechanic Shop. We have also finally connected to the NEW COUNTY WATER SYSTEM throughout the yard and bath house. All these enhancements are great for our facility.

### Hurricane season 2023:

Hurricane Season started June 1st and it will last until November 30th. Once a storm looks to be impactful to our area, we will be sending out a mass "Severe Weather Alert" email to all current/active customers. At that point we need to hear from you as to what your weather haul out plans might be for your boat. Once we start the hurricane haul outs, they will be on a first come first serve basis. **Please note that this weather email does not constitute an automatic haul out; we do still need customer approval to haul a boat.** Once we run out of stands and space we cannot haul anymore boats, so it is important that you contact us as quickly as possible if you want your boat to be hauled under harsh weather predicaments. Even if you have, in previous storm seasons, had us haul your boat out for inclement weather, we still need current storm affirmation for your haul out wishes. For haul outs please contact our Stingray Point office at 804-776-7070 or email [jennifer@stingraypointboatworks.com](mailto:jennifer@stingraypointboatworks.com).

### Yard Rates:

Please see our attached new yard rates for this season. We have kept the labor rates in check, however with the changes in the yard some of our yard rates have increased to reflect the improvements / upgrades that have taken place over the past few years.

We look forward to an excellent season and seeing you around this summer!

Thank you,

The Farinholt's and Crew
